

CITY OF CHEROKEE

Notice to Public

On 7/28/2016, the City implemented Ordinance 622 and Resolution 2016-21 regarding past donations given to the City to place flowers at Oak Hill Cemetery on Memorial Day weekend. The placements on individual plots will now end when the principal of the original donation has been spent. With most of the existing 343 placements, the original principal has been spent many times over. The number of placements will be reduced significantly over the next few years. By 2018, there will be only 11 individual placements.

The City has adopted a new program for general placements of live flowers on poles in the cemetery starting the week prior to Memorial Day and lasting until at least mid-summer. Your donations for future cemetery beautification are appreciated and are tax deductible. Individual placements are still encouraged, and local vendors are available to assist. For additional information you may call Sam Kooiker, City Administrator at 225-5749.
